### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: the limitation "*a master node*", line 40 of claim 1, is changed to --**the master node**--. The same correction is also made to the limitation "*a master node*", line 39 of claim 20.

2. The following is an examiner's statement of reasons for allowance: the prior art of record fails to disclose an apparatus comprising elements configured as recited in claims. Specifically, none of the prior art teaches or fairly suggests, among other things, the limitation "a dual-bit slice" as recited in claims.

Applicant is reminded to updated information pertaining the parent Application, filed on 4/21/03 (i.e., 10/249,581), when it becomes available.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
